250 Hour YogaSomatics Teacher Training & Mentorship Program
in affiliation with Somatic Awareness Institute

Guided by **Ateeka**
Organized by HOHM STREET YOGA

Milano - Italia

May 2018 - May 2020

This training and mentorship program will enrich your own yoga/movement practice and give you a new foundation and set of somatic practitioner skills for teaching yoga to others, or the bring a somatic perspective into health care and holistic therapeutic settings.

You will learn deep integrative YogaSomatics techniques and meditative practices to help reduce stress, shift neuro-emotional/psycho-somatic patterning, awaken deep body consciousness, cultivate health, vitality and balance. You will learn effective mind-body connection practices for re-appropriating, grounding, circulating and utilizing life energy (prana). When life energy is flowing and balanced, one can access a vast potential for a healthy body, emotional equilibrium, mental clarity and deeper understanding of life process.

This training is an opportunity to bring depth to your experience of the physical, mental, emotional and spiritual elements in your life, and how to share this with students and clients.

All modules include deep investigation into asana, movement, breath, sound, contact, embodied and energetic anatomy, collective symbols & archetypes, yoga philosophy from a somatic perspective. All modules include explorations made individually, in partners and with hands-on contact.

MODULE 1

OPENING TO FLOW: Introduction to YogaSOMATICS

MAY 18-20 2018

Setting the foundation for a journey into Yoga Somatics discovery, Opening to Flow introduces a new perspective on relating . . . with earth, with energy, with ourselves, with others

- Principles of Yoga Somatics – safety, support, containment, education, giving freedom, empowerment to students/clients/patient
- Introductory exploration of the natural bio-movements of the body from pre-vertebral beginnings to basic neurological and movement patterns of the human being.
- Become well acquainted with the terrestrial environment and nature of Earth:
Grounding/Rooting/Landing.
- Explore your relationship with gravity and the fulcrum and how the body responds to and utilizes it as a reliable point of reference and energy resource.
- Introductory investigations of how to free repetitive movement patterns to create new pathways for somatic expression and enhanced health.
- Introduction to Nervous System Resets
- Introduction to the Myofascial web and Unwinding

MODULE 2

BREATHINGNESS: Yoga Pranayama & the Movement of Life Energy

JUNE 29 - JULY 1 2018

Breath is the vital element that initiates our movements and carries us through the flow of our movement and stillness meditations. Breath is the transparent medium through which we meet ourselves. Breathing is an “action” that transmutes itself into an “existence”. As we open more and more to our authentic breath, we sense an ongoing dance of polarities and their union exchange within us.

- The nature of the in-breath and the out-breath and its intimate connection with the nervous system.
- Yogic perspective of the “5 Ais” the movements of Pranic Life energy through the energy system.
- A multitude of pranayama/breathing techniques that unfold into the freedom of “no technique”
- Touching the inner body with the breath, widening perception and awareness.
- Pulmonary Respiration (lungs) / Cellular Respiration (tissues) / Primary Respiration (fluid)
- Perceiving and freeing the 3 respirations in various yoga asanas as a means for creating new neuromuscular and respiratory pathways for health.
- Noticing and helping to free respiratory diaphragm and habitual breathing patterns.
- Recognizing emotional content held in the breathing patterns.
- Exercises and hands-on work to facilitate tension release and as an activation for becoming a breathable body and initiating the regenerative process.

MODULE 3

INVOKING THE SPIRAL: Deepening into Life's River **SEPTEMBER 28-30 2018**

Spiral motion deeply complexifies and reinforces your bio-system. All information rides on the spirals. Movement, breath, sound and contact will activate spiral movement in our bodies, helps us to free stored tension and open up to new somatic and life potential.

- Deeper investigation into the body as a fluid being, perceiving crania -sacral tides, movement of the various fluid systems of the body and how to invoke innovative, regenerative movement from the fluid base.
- Investigation into utilizing spiral patterns of air within pranayama practice.
- Continued explorations into the bio-movement of the natural body/breath through yoga asana and riding these movements towards stillness.
- Initiation into Reading Body Language and Body Tissues

MODULE 4

ROOTS & WINGS **NOVEMBER 2 - 4 2018**

Expanding upon the spinal wave and spiral investigations, learn to more deeply perceive the origins of movement within your body and how to extend it outward as creative expression wave movement while maintaining an integrated center. Investigations into tantric meditations of expanding our perceptive centers to be in harmonic resonance with the surrounding world.

- Back and front field awareness & support for expansion and involution as primary life movements.
- Asanas and pranayama through which expansion and involution can express.
- Deeper investigation into body tissue and neuromuscular connections.
- Awareness of spatial clarity, intention, creativity through movement, breath and asana.
- Investigate how to recognize and free repetitive movement patterns to create new pathways for somatic expression and enhanced health.
- Yoga Philosophy relevance to memory. How memory remains in the body tissue.

MODULE 5

THE YOGA OF THE EMBRYO **MARCH 1 - 3 2019**

A return to the pre-formative, our movements turn inward to reflect and explore the very first movements of life, those which we have experienced through our cells during conception, embryonic development, pre-natal and birth.

- Embryological relevance of the bio-movements and asana from a somatic perspective

- The primal streak, notochord and midline as point of reference for living in a human body.
- Exploring form to formlessness to form again
- Stem cell and undifferentiated sources of energy and information in the human body
- Introduction to the heart as a resonant organ
- How one's own birth informs tissue development/movement patterns.
- Creating new neural pathways in which we can integrate our earliest moments of life.
- Yogic and tantric references to embodiment.

MODULE 6

TEACHING EMPOWERMENT #1: Becoming the Mirror

MAY 17-19 2019

A deeper meeting of one's inner process, its containment and expression in the role of a teacher.

- Welcoming the Inner Healer - Inner Guide
- The Masculine and the Feminine in Yoga
- Cultivating Perception and Observation Skills
- Cultivating Neutrality with Fullness of Feeling
- Working with the Shadow/Anima/Animus aspects of one's own psyche
- Noticing and cultivating neutrality towards projection, transference from students

MODULE 7

SOUND & FREQUENCY in YogaSOMATICS

JULY 5-7 2019

Sound creates a multitude of vibrations that initiate meaningful harmonized movement explorations in the body. The sounds we utilize in the YogaSomatics practice are not repetitive – instead they expand out, fold in and complexify. In this module, learn to listen with deep openness to the sound and also feel its dynamic effect on your body's tissues and how to transmit to students.

- Sound/vocalization as an activation for the psycho-somatic regenerative process.
- Sound coupled with movement.
- Sound coupled with specific hands-on contact.
- Sound as an activation for liberating repetitive patterned tissue and psycho-emotional limitations.
- Exploring the frequency of mantra.
- Sacred and vibrational healing music.

MODULE 8
THE MYSTERY OF THE COBRA
NOVEMBER 8 - 10 2019

Practice transforms into prayer, a deepening into gestural motif of the cobra and its life-affirming movements. In deep explorations of Bhujangasana and Matsyasana, we meet the collective symbol of Serpent as a symbol of water, of transformation, of creation, of life energy of power, of the eternal return. All of our movement meditations in this module will lead toward deeper awareness of your inner self and will help you to cultivate trust in the intelligence, power and flow of your own life energy.

- The Healing Power of Pleasure / Eros
- How recognize the inherent creative power of life energy
- The sacred anatomy of the pelvis and how to recognize and free held tension in these areas
- How to create safe boundaries in which to explore your life energy
- Bringing ritual into the practice - as a practitioner and also creating ritual space for your students.
- Dynamic stillness of the meditative state.

MODULE 9
TEACHING EMPOWERMENT #2: The Art of Transmission
28 FEB - 1 MARCH 2020

Sufi teacher Hazrat Inayat Khan explains it best: "The work of a mystical teacher is not to teach, but to tune, to tune the pupil so that he may become the instrument of God. For the mystical teacher is not the player of the instrument; he is the tuner. When he has tuned it, he gives it into the hands of the Player whose instrument it is to play. The duty of the mystical teacher is his service as a tuner."

You will practice and learn how to transmit your personal experience and extensive study to your students in an open, coherent, relevant and effective manner.

- Professional Protocols for Yoga Somatics Teachers
- Cultivating confidence in the resonant field
- Collective themes that emerge in group settings
- Acknowledging the role of the ego
- Refining Observation Skills
- Protocols for specific health and movement issues
- Effective containment and "being with" emotional content.
- Refining communication skills through transmission.

MODULE 10

**COMING FULL CIRCLE: YogaSOMATICS Group Retreat
MAY 2020 - 5 days - dates to be decided**

Location: Sassetta Alta - Grosseto - Tuscany - Italia

Sassetta Alta, in the hills of Tuscany, offers a place for us to be together, in a quiet nature setting to integrate the work that we have done and dedicate to the collective field of YogaSomatics. In this retreat, we will also work daily with Aqua-Yoga-Soma, the aquatic expression of YogaSomatics in the center's beautiful warm water pool. Each day will have moments of silent reflection, land practice, aquatic practice, relaxation, group discussion/Q&A, and three WONDERFUL organic meals. A celebration and a continuation of the practice.

You are responsible for your own travel and accomodation/food costs for this retreat. The full pension price per night is approximately 85 euros/double occupancy to be paid directly to Sassetta Alta during the retreat.
